

SCHOOL GOALS

This year Austin Elementary will work on continuing to increase the number of students who exceed standards in all academic areas through increased concentration in a variety of literacy strategies across the curriculum. We will also focus on enhanced social and emotional skills as part of student success and to address the whole child. Teachers provide challenging and engaging work for students that focus on the different learning styles of students for growth and progress during the school year and the years to come.

Every child is expected to work towards mastering state grade-level performance standards. Next is a sample of goals for each grade level:

AUSTIN ELEMENTARY

School-Parent
Compact
2022-2023

WHAT IS A SCHOOL-PARENT COMPACT?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards. Austin Elementary teachers, students, and parents developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents suggested ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the Compact and make changes based on student needs.

Parents are welcome to contribute comments at any time!

Compact Signatures:

Please sign and date below to acknowledge that you have read, received, and agree to the 2022-2023 School-Parent Compact.

FIRST GRADE GOALS

- Students will use their developing literacy that goes beyond reading, writing, listening, and speaking.
- Students will become fluent in mathematics as they develop their numeracy skills.
- Students will build science inquiry skills to develop and enrich their abilities to understand their world around them.
- Students will examine the characteristics of good citizenship.

SECOND GRADE GOALS

- Students will apply earlier standards with greater depth and complexity as they become self directed, critical readers.
- Students will use mathematical relationships to make predictions, connections and generate solutions.
- Students will perform observations and investigations to learn about the natural world.
- Students will continue to acquire knowledge of customs, symbols, and celebrations that represent American beliefs and principals.

THIRD GRADE GOALS

- Students will use a range of strategies when drawing meaning from the text in order to sustain foundational literacy skills.
- Students will use a problem-solving model that incorporates analyzing given information, formulating a plan or strategy, determining a solution, justifying the solution, and evaluating the problem-solving process and the reasonableness of the solution.
- Students will plan and investigate classroom and outdoor investigations using scientific methods.
- Students will begin to develop an understanding of the history of various communities around the world.

DISTRICT OBJECTIVES

- All students will achieve academic excellence.
 - All students will be provided instruction and support that meets their academic needs each day.
 - All students will be provided social and emotional support in safe learning environments.
- 

AT HOME

Parents and guardians are vital to the success of our students and our school! You have a significant impact on the way students view the learning process, their attendance, and their motivation. To continue to encourage the success of our students,

Austin Elementary parents commit to:

1. Keeping open communication with teachers and your student regarding academic progress (email, phone, conferences, meetings, etc.)
2. Finding real-world ways to support your student's learning (letter writing, brainstorming ideas for home improvement, etc.)
3. Helping students become organized at home and providing an area and time to complete homework.
4. Encouraging students to set learning goals for improvement.

STUDENTS

Students join with faculty, staff, and parents in creating goals for themselves for the school year. In order to encourage academic work growth, students suggest:

1. Set goals for myself to increase reading time each day.
2. Find real-world applications for writing.
3. Ask for help when needed.
4. Have a positive attitude about learning and setting goals for myself.
5. Be on time and present for school and class each day.

COMMUNICATION IS KEY!

We look forward to an exciting and successful year!
